contemplated at the time of taking the contract."

Respectfully report that they have considered the same and recommend that their request be refused on the following grounds:

First—That the lowering of the street railway tracks on said street did not change the established grade of said street in any respect, but were laid to conform to the established grade.

Second—The accumulation of macadam

Second—The accumulation of macadam above the established grade was clearly shown as well as the elevations of the curb, center line of streets and height of street car tracks on the profiles on file in the Street Department since April, 1909, two months before the letting of said work, and that said G. H. Wright Contracting Co. could have informed themselves by examining them, as did other contractors and bidders; or, if they had made a personal examination of the street proper, the facts would have been no apparent and convincing that they could not now justly advance such excuses or reasons as centained in their communication. Besides, bids are taken in every instance by the superficial square for removing the old pavement, etc. In addition to this, last fall the G. H. Wright Contracting Co. did commence the work of reconstruction by taking up the old pavement and curbing for a distance of one block, thereby affirming the fact that they then had no doubts as to the legality of the special tax bills, or their liability to proceed under their contracts.

Respectfully.

To the Honorable Board of Public Improve-

St. Louis, April 12, 1991.

To the Honorable Board of Public Improvements:

Gentlemen—Your Committee on Street Department, to whom was referred the accompanying communication of April 9, 1991, from the G. H. Wright Contracting Co., asking that their contracts for reconstructing Chouteau avenue from Jefferson avenue to Compton avenue, and from Compton avenue to Grand avenue be canceled for the following reasons:

"First—I desire to call your attention to the fact that after these contracts were entered into, the Street Commissioner authorized the United Railways Co. to lower its street nailway tracks on that street, and as a result thereof the tracks had been laid in places lower than the grade established by ordinance. This work being done under the provisions of the Street Commissioner's Office, tacitly changes the grade of the street and the improvement will have to conform to these tracks.

Second—The top of the curb is supposed to be the grade of the finished improvement, and the Wright Contracting Company, in bidding on this work, figured on removing 11½ or 12 inches of the old roadway preparatory to laying the foundation for the new improvement. It is now ascertained that instead of having to remove 11½ inches, the street by successive layers of macadam is from a foot to 18 inches higher than the original surface and the improvement, and in addition to this 11½ inches, this extra roadway must be taken out, which was not contemplated at the time of taking the contract."

REPUBLIC SPECIAL.

Louisiana, Mo., April 16.—The municipal troubles of Ashburn, the fifth town in size of Pike County, seem at an end.

A lort time ago the citizens of that town became involved in a wrangle and tried to surrender their charter as a city. When the question to be or not to be had agitated the town almost to the point of bloodshed the heat was suddenly cooled down by the nomination of a satisfactory ticket. W. P. Bettville, candidate for Marshal, Collector and Street Commissioner, acted as one of the judges at the municipal election. He was elected, so was Abraham Shuffett for Mayor, J. D. Thompkins for Clerk and George Gentle for Treasure. They now hold the reins of government and everything is peace once more.

Indianapolis, Ind., April 16.—The Indianapolis Press made its last appearance Tuesday. It will be merged into the Indianapolis
